Powerpik

Powerball is drawn from 2 barrels, barrel A and barrel B for the Powerball. A Powerpik is a way to play which is exclusive to Powerball. It covers all 20 numbers from barrel B on your ticket, meaning you automatically have the winning Powerball number. The other 7 winning numbers are up to you.

You can play Powerpiks with a Slikpik entry, System ticket or you can choose your own numbers.

Scratch'n'Win

Great for any occasion.

TICKET PRICES:	$1, $2, $3, $5, $10, and $20
HOW TO PLAY:	In-store only

How could I win?

- Follow the play instructions on the back of each ticket. You'll know instantly if you have won a prize.
- If you're not sure, you can scratch the barcode from the front of your Scratch'n'Win ticket and scan it in the ticket checker in-store, or ask your retailer.

Odds of winning

- Each Scratch'n'Win game has its own prize structure, and the overall odds of winning a prize are printed on the back of each ticket.
- For information about prizes available for each game and prize expiry dates, visit our website.

Overall odds refers to the chance of winning a prize across all tickets distributed in WA for the entire game, not for a batch of tickets sold at one location to an individual. Odds are approximate as they have been rounded.

There is no relation between the position of a ticket in the book and its status (winner or non-winner). Winning and non-winning tickets are randomly distributed across the State. All prize amounts (including the top prize) may have already been won prior to all tickets in a game being sold.

Ways to play

Slikpiks

A Slikpik is a ticket where your numbers are randomly generated for you. Simply choose a draw and how many games you'd like to play.

Syndicates

A Syndicate is a group of people who play together to share the cost of the ticket and any winnings. By pooling your money together, you can play more games and increase your chances of winning. Syndicates are only available in-store at Lotterywest retailers.

A valid share ticket will be printed for each Syndicate member. This gives each person the peace of mind and convenience to claim their share of prizes themselves.

Syndicates are available for:

Types of Syndicates

You can set up your own Syndicate or buy into an established Syndicate.

You can start your own Syndicate with friends, family or work colleagues. This is known as a **Player Syndicate**. You need a minimum of five people and minimum total spend of $25. You can choose your own numbers using a playslip, or ask for a Slikpik.

For help organising your Syndicate, download the Syndicate Planner from our website.

There are also three types of established Syndicates available in-store:

Retailer Syndicate: Shares are only available for sale from one retailer.

Group Syndicates: Shares are available for sale across a selected retailer group (1-20 retailers).

Network Syndicates: You can purchase shares in these Syndicates from any retailer.

Systems

A System is a ticket that allows you to choose fewer or more numbers than are drawn, generating every possible combination for your chosen numbers. You can play a System ticket as a Slikpik or by choosing your own numbers.

Types of Systems

Fewer numbers
You select less numbers than there are winning numbers drawn for that game. In a game with 6 winning numbers, a System 5 ticket automatically gives you the 6th winning number. The other 5 numbers are up to you.

Your ticket will only display your 5 chosen numbers, however this is the equivalent of 40 games as you have every combination of that winning number.

Saturday Lotto - Fewer numbers (System 5 example)

Numbers selected	1 2 3 4 5	Number of games
Combinations	1 2 3 4 5 6	1
	1 2 3 4 5 7	2
	1 2 3 4 5 8	3
	1 2 3 4 5 9	4
	↓	
	1 2 3 4 5 45	40

More numbers

You select more numbers than there are winning numbers drawn for that game. In a game with 6 winning numbers, a System 8 ticket allows you to choose 8 numbers.

Your ticket will only display your 8 chosen numbers, however is the equivalent of 28 games, covering all possible 6 number combinations of your selected 8 numbers.

As Systems cover multiple combinations of similar numbers, winning System entries will usually pay multiple prizes. Please refer to the tables listed under each game section in this brochure, or on our website, to determine the number of prizes won with your System ticket.

Powerball Systems

When playing Powerball, Systems tickets only relate to numbers drawn from the barrel A, meaning you cannot choose extra Powerball numbers. You can however combine the benefits of a Powerpik entry (where you automatically have the Powerball number) with a System ticket (known as a Powerpik System).

Playslips

Playslips are a way to create tickets using your own numbers. Follow the instructions on the back of the playslip and present this in-store to purchase your ticket.

Combo Packs

Combo Packs offer a range of Lotto games across the week in one purchase and are available in-store only, in a range of pricing options. For current offers, ask your retailer.

Advance Play

Plan ahead with Advance Play. You can enter most Lotto games up to nine weeks in advance, or up to six draws in advance for Set for Life and Cash 3.

Multiweek

Save time and keep your favourite numbers in play with a Multiweek ticket. You can purchase up to four weeks of draws for Cash 3, and up to ten weeks of draws for all other Lotto games.

Check your ticket carefully before you leave the store to ensure the numbers, number of games, number of draws and the day of draw on your ticket are what you've chosen.

Membership

Play where and when you want with a Lotterywest membership. It's free to sign-up and you'll enjoy benefits such as:

- Full prize protection by registering your tickets with your membership. This guarantees you'll receive your winnings, even if you misplace your ticket.
- The ability to save up to 20 of your favourite numbers to your account.
- Tracking your tickets whether you bought them in-store, online or via the Lotterywest App.
- Digital membership card (you can also request a free physical card).

Visit **lotterywest.wa.gov.au/membership** for more information or to sign up today.

Keep your ticket safe

Unless your winning ticket is registered to your Lotterywest membership, it's a bearer ticket. This means it's just like cash and must be presented to claim a winning prize. So please keep it safe at all times.

Gifts

When purchasing a ticket as a gift, avoid using your membership card so the gift recipient won't need to reference your membership to claim a prize.
